Trump Rally Steams Ahead, This Stock Riding the Wave: PowerShares WilderHill Clean Energy Portfolio (PBW)

The main US indexes rallied on Friday, with all three benchmarks closing at record highs for a second straight day amid widespread gains on the Standard & Poor's 500 and all but four of the blue chips on the Dow Jones Industrial Average ending in the green.

PowerShares WilderHill Clean Energy Portfolio (:PBW) performed nicely this week, continuing its impressive near-term upward movement. The stock has moved north 6.69% over the past week of trading.

Looking further out, over the past twelve months, PowerShares WilderHill Clean Energy Portfolio's stock was -17.28% and 1.13% over the last quarter and 3.72% for the past six months.

There are many reasons why a stock might advance so much, so quickly.
